TOWN WARRANT.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Childs' Opera House in said town on Tuesday, the eleventh day of March next, at nine of the clock in the forenoon to act on the following subjects:

ART. 1. To choose three Selectmen, Town Treasurer, Tax Collector, Highway Agent, Town Clerk and Chief of Police for the ensuing year, Trustee of the Fuller Public Library for the two ensuing years, and all other necessary town officers or agents for the ensuing year.

ART. 2. To hear the reports of the Selectmen, Town Clerk, Town Treasurer, Tax Collector and Highway Agent to the Town Auditors, the reports of the Auditors, Agents, Committees or other town officers heretofore chosen or appointed and to pass any vote relating thereto.

ART. 3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

ART. 4. To see what sum of money the town will vote to raise for the building and repairing of highways, bridges and culverts.

ART. 5. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars (\$75.00) for Senator Grimes Post, G. A. R., to be used Memorial Day.

ART. 6. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

ART. 7. To see if the town will vote to raise any money for the support of the Fuller Public Library, or pass any

vote relating thereto.

ART. 8. To see if the town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways.

ART. 9. To see if the town will vote to raise the sum of four hundred dollars (\$400.00) for the suppression of the Gipsy and Brown Tail Moths.

ART. 10. To see what action, if any, the town will take in regard to increasing the salary of the Chief of Police.

ART. 11. To see if the town will vote to raise and appropriate a sum of money, not to exceed \$200.00, for the support of band concerts the coming season, or pass any vote relating thereto.

ART. 12. To see if the town will vote to extend the electric street lights from the end of the present line at Hillsboro Lower Village to the residence of Clarion M. Worthley, appropriate any money therefor, or take any action thereto.

ART. 13. To see if the town will vote to extend the electric lights to the Centre village, to properly light the same and raise money for the said purpose, or pass any vote in relation thereto.

ART. 14. To see if the town will vote to raise a sum of money, not to exceed two hundred dollars (\$200.00), to be expended for the removal of ashes and rubbish.

ART. 15. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-second day of February, in the year of our Lord nineteen hundred and thirteen.

CHARLES S. FLANDERS,
FRED B. MONROE,
EUGENE C. RUMRILL,

Selectmen of Hillsborough,

REPORT OF THE SELECTMEN

For the Year Ending Feb. 15, 1912.

To the Citizens of Hillsborough:

More favorable conditions, as shown in several accounts of this report, than prevailed the previous year has enabled the town to make a creditable showing in reducing the floating debt. The amount of this reduction is \$2326.14. The expense of removing moths from the highways has been about the same as that reported for the previous year. Employees of the national government have been working in this section much of the time for many months, trying to prevent the spread of the gypsy moth, but those in charge of the town work have found thirty of these colonies while clearing the highways of the brown tail moth.

On account of the requirements of the state tax commission, it was necessary to make a new appraisal of the real estate in town last April. The total inventory was increased about \$150,000 over that of the preceding year. While this is a smaller per cent. of increase than has been made in a majority of the towns and cities of the state, yet it does not necessarily follow that Hillsborough has a lower appraisal. This town had a high appraisal previous to this year. Under the old state board of equalization many towns were doomed to pay a state tax on larger sums than their inventories showed, while Hillsborough received a liberal discount and paid on a smaller sum than its appraised valuation.

The money raised for macadamizing Depot street has not been expended. A steam roller is essential on such work, and it was found difficult to secure one for so short a job. The street was dug up last summer for the purpose of laying a water pipe, and it will doubtless be in better condition for macadamizing another season, than it was soon after the pipe was laid.

ANNUAL REPORT

OF THE

TOWN OF HILLSBOROUGH

From Feb. 15, 1912, to Feb. 15, 1913.

REPORT OF THE BOARD OF HEALTH.

To the Selectmen and Citizens of the town of Hillsborough, N. H.:

The Board of Health begs leave to report that the general health conditions of the town are satisfactory. Only a single case of disease subject to quarantine has been reported during the past year.

Nearly all deaths have been persons whose vitality was impaired by age or by chronic disease of long standing.

We hope for a continuance of health's blessings during the coming year.

Respectfully submitted,
 JOHN GOODELL,
 WARREN P. GRIMES,
 LEON E. ANNIS,
 Board of Health.

February 15th, 1913.

PRECINCT WARRANT.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Hillsborough Bridge Village Fire Precinct in the Town of Hillsborough qualified to vote in Precinct affairs:

You are hereby notified to meet in Precinct Hall in said Precinct on Monday, the seventeenth day of March, 1913, at seven of the clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose one or more Water Commissioners to serve five years.
3. To choose one Fire Commissioner to serve three years.
4. To choose Treasurer, Clerk, Auditors and other necessary Precinct officers for the ensuing year.
5. To hear the reports of the Fire Commissioners, Water Commissioners, Treasurer, Clerk, Auditors and other officers and committees heretofore chosen, and to pass any vote relating thereto.
6. To see if the Precinct will vote to raise and appropriate the sum of four hundred dollars (\$400) necessary to run the sprinkling cart for a period of twenty weeks or more.
7. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct, and any other charges arising within said Precinct.

8. To transact any other business that may legally come before the meeting.

Given under our hands this twenty-second day of February in the year of our Lord, nineteen hundred and thirteen.

JOHN B. TASKER,
FRANK E. MERRILL,
DANIEL W. COLE,
Board of Fire Commissioners.

REPORT OF THE FIRE COMMISSIONERS.

For the Year Ending Feb. 15th, 1913.

The Board of Fire Commissioners submits the following report:

The Precinct, as usual, has been very fortunate the past year in regard to fires, only one bell alarm having been rung in for a slight fire in C. H. Boutelle's lunch room, which was extinguished with chemicals with slight damage.

There were twenty-four still alarms in the Precinct, four bell alarms out of Precinct, one still alarm out of town.

Total damage in Precinct, \$269.90. Total damage out of Precinct, \$2915.

No hose was wet at fires during the entire year.

New equipment has been added, among which is a 55 ft. trussed extension ladder, which the Ladder Boys have had out in practice several times on our highest buildings, becoming very efficient in manipulating the same.

One new alarm box (75) has been added the past year at the fire station; also a telephone (49—4) has been installed in the Janitor's room, which has already been used to good advantage.

About 850 feet of new sewer has been built on Preston street.

GENERAL ACCOUNT.

	\$118816 77	\$113364 17	

†Difference between the cost of old cement lined and new iron pipe (laid) used in re-constructing the water works.

*Loaned precinct or transferred from water to general account of the precinct.

|| Amount raised by taxation for use of water department.

§ Balance on that proportion of the sinking fund raised by taxation but not included in "income" account, not being an earning of the water works.

January 1, 1913, sinking fund should amount to	\$35383 14
January 1, 1913, sinking fund on hand	35351 09

Amount above actual requirements	\$ 32 05
----------------------------------	----------

COST OF WATER WORKS—CONSTRUCTION ACCOUNT.

Original cost	\$45000 00
Extensions, 1896 to 1912 inclusive	4014 69
Service connections 1897 to 1912 inclusive	534 39
Excess renewal, 1899 to 1912 inclusive	19268 43
Building account 1902	160 00
Total cost of water works to date	\$68977 51
Total number of hydrants	43
Total number of service connections	408

During the past year the water commissioners relaid 1025 feet of six inch cement lined pipe on Depot Street, 375 feet of four inch cement lined pipe on Water Street, 225 feet of four inch cement lined pipe on Preston Street, replacing Depot Street with ten inch cast iron pipe, Preston and Water Streets with six inch iron pipe.

Preston Street line was extended two hundred feet to a point near the fair grounds, so called. The old hydrants on these lines were replaced by ones of modern construction and one additional hydrant set.

The total cost of the work was \$2851.30 which was divided as follows: Renewal \$1166.25, Excess Renewal \$1485.85, Extensions \$199.20. "Renewal" is charged to income account while Excess Renewal and "Extension" are made a part of the cost of the water works.

(Signed)

CHARLES A. JONES,
WILLIAM O. STORY,
JOHN B. SMITH,
CHARLES F. BUTLER,
STILLMAN H. BAKER,

Board of Water Commissioners.

Hillsborough, N. H., Feb. 15, 1913.

We hereby certify that we have examined the accounts of the Fire Commissioners, Water Commissioners and Treasurer of the Hillsborough Bridge Village Fire Precinct, and find them correct and all payments properly vouched for.

ANNUAL REPORT
OF THE
TOWN SCHOOL DISTRICT
OF
HILLSBORO, N. H.

For the Fiscal Year Ending Feb. 15, 1913,
and the School Year Ending July 15, 1912

OFFICERS

Moderator,

JOHN GOODELL

Clerk,

RODNEY SMITH

Treasurer,

FRED A. McCLINTOCK

School Board,

DEBORAH M. BROWN

ELBERTON E. FARRAR

JAMES M. RAY

Auditors,

RODNEY SMITH

LEONARD MARTIN

JAMES H. JONES

Superintendent of Schools,

FREDERICK L. KENDALL

TOWN DISTRICT WARRANT.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town School District of the Town of Hillsborough, qualified to vote in district affairs:

You are hereby notified to meet at the School House at the Lower Village in said district on the thirteenth day of March, 1913, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
7. To determine the salaries of School Board, Truant Officer, Treasurer or any other officers.
8. To see if the District will vote to raise any money in addition to that required by law for school purposes and repair of school houses and, if so, how much.
9. To see if the District will authorize the School Board to contract with some high school to furnish instruction to its pupils.
10. To see if the District will authorize the School Board to purchase individual drinking cups and individual towels, and insist on the use of the same in all schools.
11. To transact any other business that may legally come before said meeting.

Given under our hands at said Hillsborough this fifteenth day of February, nineteen hundred and thirteen.

DEBORAH M. BROWN,
ELBERTON E. FARRAR,
JAMES M. RAY, School Board,

REPORT OF SCHOOL BOARD.

To the Citizens of Hillsborough:

The School Board of the Town School District respectfully submits its annual report.

As we look over the records of the schools for the past year and one half, we are gratified that our schools are making such headway. At the present writing we consider them in better condition than ever. Of our five teachers four are either Normal School graduates, or hold a state certificate.

The securing of State Aid for teachers, may not be understood by all of our townspeople, so we will here state that the wealthier towns of the state are taxed for the benefit of the schools of the poorer towns. Hillsborough is one of the towns receiving such aid, two dollars a week being paid for each Normal teacher, or one holding a state certificate. If our present teachers continue with us the remainder of the year, the district will receive \$256 as state aid for its teachers.

The school-house at Bear Hill has been freshened by paint and new curtains, and the one at Concord End shingled. The problem of repairs at the Centre school is a difficult one. The building is in such a decayed condition that repairs are not satisfactory. A new building would be the best solution of the question.

The last census showed fifty-five boys and forty-four girls between the ages of 5 and 16. Nineteen pupils from the District attend High School.

Needed for the Year 1913—14.

High school tuition	\$500 00
Flags and appurtenances	
Books and supplies	75 00
	\$575 00

Report of the Superintendent of Schools.

Members of the School Board:

I respectfully submit the following report concerning the schools of the Hillsborough Town District for the year ending February fifteenth, nineteen hundred thirteen:

The changes in the teaching force during the period covered by this report are as follows: Miss Gertrude Dinan taught the Lower Village school during the spring term in place of Miss Edythe M. Crooker who was transferred at her own request to the Upper Village school. Miss Genevieve F. Murphy of Fitchburg, Mass., succeeded Miss Dinan in September. Miss Rose Chase taught the Bear Hill school during the spring and fall terms. At the end of the latter term she resigned, and Miss Annie Golden, who had taught the Conn school during the fall term, succeeded her. Miss Leolyn Annis taught the spring term of school at Concord End, and Miss Stella M. Russell the fall term. This past term, the Concord End pupils have attended the Centre school. With the opening of school in September, Miss Charlotte S. Murphy of Manchester assumed charge of the Centre school, taking the place of Miss Eva B. Ash who had resigned that she might attend the Keene Normal school.

Of the five teachers now employed by the district, three are normal school graduates, one other holds a state teacher's certificate, and the fifth had two years of teaching experience previous to this year. It is very probable that the district has never before had a teaching force so well equipped throughout to perform the duties of the vocation. My observation of the work being done in the schoolrooms leads me to believe that the slight additional expense incurred in securing trained teachers brings large returns for the investment.

We need good teachers. We also need good text books. Fortunately, the market is well supplied with good texts in nearly every subject. Of course, some are better than others, and opinions will vary as to which are the best. In the matter of readers, however, there seems to be a strong tendency to favor the kind adopted by our schools this year. It is true that good results attended the faithful use of the readers that have been the basal texts for the past few years, but more satisfactory results, especially as far as interest and expression are concerned, seem to accompany the method now employed.

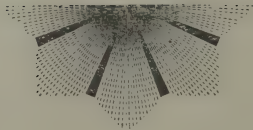

While interest in school work is not everything, it is a large factor in bringing about desirable results. Therefore, whatever may be done to increase the interest of parents and pupils in the affairs of the school will tend to increase its efficiency. With that thought in mind, together with others, the Hillsborough School Garden Club was organized last spring with a chapter in each school. Each member of the club agreed to care for one or more plants, and to report to the teacher frequently concerning their growth and development. A surprisingly large number of the children took hold of the plan with enthusiasm. So successful were they that an exhibition of the products was held in the Lower Village schoolhouse early in the fall term. Twenty-two pupils brought something to exhibit. The products of their efforts included corn, pumpkins, beets, turnips, lettuce, groundnuts, cauliflower, potatoes, cucumbers, watermelons, beans, carrots, tomatoes, squashes, pansies, sweet peas, nasturtiums, bachelor buttons, asters, marigolds, and gladiolus. A number of the pupils read the accounts that they had written, telling how they raised their products. Some told of misfortunes that had befallen them in their endeavors, as well as about pleasanter results attending favorable conditions.

The outcome was so satisfactory that it seems as though it would be advisable to attempt something of a similar nature the coming year.

ANNUAL REPORT
OF THE
SPECIAL SCHOOL DISTRICT
OF
HILLSBORO, N. H.

For the Fiscal Year Ending Feb. 15, 1913,
and the School Year Ending July 15, 1912

OFFICERS

Moderator,
STILLMAN H. BAKER

Clerk,
DANIEL W. COLE

Board of Education,
JOSEPH W. CHADWICK LEON E. ANNIS
GEORGE W. HASLET

Auditors,
CHARLES A. JONES CHARLES S. PERRY
ALFRED L. MANSFIELD

Superintendent of Schools,
FREDERICK L. KENDALL

SPECIAL SCHOOL DISTRICT WARRANT.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Special School District in the Town of Hillsborough qualified to vote in district affairs:

You are hereby notified to meet in the schoolhouse in said district on Monday, the twenty-fourth day of March, 1913, at seven of the clock in the afternoon, to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for three years.
4. To hear the reports of the Board of Education, Treasurer, Auditors and other officers and committees heretofore chosen and pass any vote relating thereto.
5. To raise such sums of money as may be necessary in addition to the amount required by law for the support of schools, repairs on buildings, and any other necessary charges arising within said district.
6. To choose Auditors, Agents or Committees in relation to any subject embraced in this warrant.
7. To transact any other business that may legally come before said meeting.

Given under our hands this third day of March, in the year of our Lord nineteen hundred and thirteen.

GEORGE W. HASLET,
JOSEPH W. CHADWICK,
LEON E. ANNIS,

Board of Education.

Report of the Board of Education.

We herewith submit the reports of the various departments of the work in the Special School District.

Miss Reaveley, who has had charge of manual arts for some time, and who did excellent work, was recently forced to resign on account of ill health. Her successor, Miss Well, has so recently taken up the work that she was not asked to submit a report.

As we predicted one year ago, the high school this year is the largest in its history and every indication points to a larger number next year.

The fire escape, for which an appropriation was made last year, has been put in place and the pupils are now well protected from fire danger.

The walls, ceilings and woodwork of the interior of the building are sadly in need of repairs and an appropriation is recommended for this purpose and also for one new floor.

There will also be needed the sum of \$500 for text books and supplies for the coming year.

Report of the Superintendent of Schools.

Members of the Board of Education:

I respectfully submit the following report concerning the schools of the Hillsborough Special School District for the year ending February fifteenth, nineteen hundred thirteen.

Only four of the nine regular teachers in our schools at the present time were teaching in Hillsborough one year ago. The record of the changes since last February appears in the lines following.

Shortly before the spring vacation, Miss Ethel E. Rees resigned to accept a more lucrative position in another state, and Miss Etta L. Tufts of Salem, Mass., succeeded her in the commercial department. Miss Tufts remained through the spring term when she, in turn, received a better offer elsewhere. With the opening of school in September, Miss Addie M. Bucksey of Peabody, Mass., took charge of the commercial work. Early in the spring, also, Misses Blanche E. Lancey and Viola S. Lancey accepted attractive offers of schools near their home. Misses Flora E. Arnaud of Orleans, Mass., and E. May Davis of Ruston, La., received appointments as their successors. Miss Davis remained during the spring term only. Mrs. Lestina M. Goddard, who had been teaching the grammar school in East Jaffrey for several terms, succeeded her in September. Near the close of the school year, Misses Mildred H. Humphrey and Helen S. Burnham, assistants in the high school, accepted tempting offers from other towns. Misses Ruby M. Parsons of Auburn, Maine, and Pernice M. Hayes of Durham, N. H., accepted elections to the positions thus left vacant. With the beginning of the present calendar year, Miss Elsie M. S. Woll of Atlantic, Mass.,

began work as supervisor of manual arts in place of Miss Catherine Reaveley, who had resigned on account of impaired health. Miss Woll took up the work where Miss Reaveley was obliged to drop it, and will carry it on in accordance with the plan outlined in the State Program of Studies.

Although this record of nine changes in the teaching force during a period of less than twelve months militates against the accomplishing of the most effective work, yet we do feel that the changes have been made with comparatively little loss to the pupils. The careful reports of the work done by the out-going teachers, and the hiring of experienced or promising teachers, have helped materially in overcoming the disadvantages attending the changes of instructors.

The daily work of the schools has been proceeding along very much the same lines as heretofore. Two subjects, however, are receiving a little more attention than usual. The adoption of a method in penmanship that is having a wide introduction has intensified interest in that subject. This was stimulated by a visit from a representative of the publishing house who went into the different rooms, gave a lesson in each, and later met the teachers for a conference on the subject of penmanship. Because of this, both teachers and pupils have taken hold of the work with commendable enthusiasm. Desirable results should become apparent in the near future. In fact, many pupils already show a decided improvement in the preliminary drills.

Another phase of the work that is receiving more attention than usual this year is that of spelling in the grammar grades. To stimulate interest in this subject, a series of written contests has been arranged between the grammar schools of Antrim, Hillsborough and Peterborough. Two

have been held already. Two more are to be held before school closes in June. A banner, appropriately lettered, is to be awarded to the winning school for a permanent souvenir of the struggle for spelling supremacy. During the current year, the winning school in any contest has the banner until the next contest.

Perhaps the acquisitions of the child during the first year of school life are more noticeable, and are more easily measured, than those of any other year. He enters school with but very little knowledge of school subjects. He leaves at the end of the year with a decided addition to his intellectual equipment. If well instructed, he is able to read simple stories, write a little, sing some, draw some, and perform a few of the simpler numerical operations. The report of the work done in the first grade for the year ending last June shows that the promoted class had read the following books: Aldine Primer; Aldine First Reader; Cyr Primer; Blodgett Primer; Blodgett First Reader; Sunbonnet Babies' Primer; Overall Boys; Stepping Stones to Literature, First Reader; Holton Primer; Lights to Literature, Book One. In number, they had been drilled on the forty-five combinations by addition with the complementary subtraction, the fractional parts one-half, one-third, one-fourth, and the inch, the foot, and the yard. Besides this, they had constructed and committed to memory the tables of twos, threes and fives.

The problem of where to seat all of the high school pupils, referred to in my last report, was solved by assigning study desks in the commercial room to members of the senior class. The present outlook is that a still larger number will have to be cared for in the same way this coming year, when it is quite likely that the high school will reach its maximum enrollment for some time, at least.

In this connection, it may be of interest to note that in

1910, according to a study made by Dr. Leonard P. Ayres of the Russell Sage Foundation, New Hampshire led all of the states in the Union in the proportionate number of pupils in high schools, having one hundred eighteen high school pupils for every thousand pupils in the elementary schools.

From the same study, I have also gathered the following information: "In general, the United States has a shorter school year, a shorter school week, and a shorter school day, than any other highly civilized nation."

"Our expenditures for public education now amount to almost half a billion a year. No other investment produces so large a return. More money means better schools. Better schools mean more efficient citizens. More efficient citizens produce more money."

"We have only three types of institutions where attendance is compulsory—jails, asylums and schoolhouses. Fortunately, few of us have to stay long or frequently in jails or asylums, but all of us spend many years in schoolhouses. This is why their construction should be regulated so as to make safety and sanitation compulsory instead of permitting danger and disease to be possible."

"Among native white children of native parents, 57 in each thousand are illiterate, while among our native white children of foreign parents, only 16 in a thousand are illiterate, or about one-fourth as many in proportion."

"The average annual wage of carpenters in the United States is about \$802, of coal miners \$600, of factory workers \$550, of common laborers \$513, and of teachers \$485.

"The percentage of illiteracy runs all the way from 1.7 per cent in Iowa to 29 in Louisiana." In New Hampshire, it is 4.6 per cent.

The school expenditures for each one hundred dollars of wealth ranges from nineteen cents in New Mexico to

seventy-five cents in Oklahoma. The New Hampshire expenditure is twenty-eight cents.

The average of ten educational features shows that twelve states stand higher than ours. And, that we may not fall short in doing our part towards keeping the state in the front rank, I would recommend liberal appropriations for school purposes.

FREDERICK L. KENDALL,

Superintendent of Schools.

Report of the Principal.

To the Superintendent of Schools:

The total registration of the High School last year was seventy. This year eighty-one pupils have been enrolled; at present there is an attendance of seventy-six. This is three per-cent of the population in the territory which this school serves. A gratifying testimony to the usefulness of the school is the fact that so many pupils are remaining with the intention of completing the course. Last June a class of nine, seven girls and two boys, was graduated. Two of these returned to school for post-graduate work, while one other is pursuing further study in evening sessions. Other persons in town might very profitably enter courses offered by the school.

During the past year the requirements in every course of study, as set by the State Department of Instruction, have been met, and in several subjects exceeded. The prospects are that the present year's work will be equally well done. The school is doing sufficient in quantity; more rigid exaction in quality must be made. The spirit of the student body must realize this motto: "The High School is Opportunity not Compulsion." The essentials for this are orderly discipline, promptness in performance of duty, and attainment in scholarship. All exercises of the school center around this idea.

In athletics last spring the school was very successful, winning the banner in the Contoocook Valley League. No baseball game of the series was lost, and we are justly pleased with the work of the team. The coming season promises an interesting series of games. No student below

passing mark in a study or taking less than full work may represent the school on any team.

It is the earnest desire of the Principal and teachers to make the school most efficient in its place and opportunity. To this end they seek the co-operation of the home. Parents and friends are always welcome to see the classes at work, and the Principal would be glad to confer with parents about their children on any day at the close of the afternoon session.

Respectfully submitted,
G. H. McGAW,
Principal.

Report of the Supervisor of Music.

Mr. F. L. Kendall,

Superintendent of Schools:

In most respects the music in Hillsborough has gained a firmer hold and has been more thoroughly learned this year than in previous years. The first grade is learning to read music from the staff on the board and from individual slips. The second grade has finished their first primer and can read individual slips very well at sight.

Much attention has been given to individual work throughout the school this year.

The third grade is doing good work with the first reader; the fourth grade is singing two-part songs; the fifth grade is studying advanced two-part songs; the sixth and seventh grades are using two and three-part songs; and the

eighth grade is doing good work in scale writing and with four-part songs.

The high school does not respond as enthusiastically as we wish it would, altho there are many good voices, those coming up from last year's eighth grade being well prepared.

A chorus is conducted every week in the high school, singing four-part music, without tenors, however, as such voices seem to be wanting.

In two of the district schools, excellent work is being done; the others are more irregular in their work.

At the Lower Village, a fine four-part chorus is being worked up in the school, and carefully drilled by Miss Murphy. At the Upper Village, the small class is doing unusually good work under Miss Crooker. A large school of boys with a few girls is being given attention at the Centre.

I wish to thank the teachers for their earnest and tireless work and help.

Respectfully submitted,

GERTRUDE E. CLARK,

Supervisor of Music.
